SECTION 1 — OFFICER'S CERTIFICATE

FIRSTBANK CORP

A corporation organized and existing under the laws of the State of Delaware | EIN: 47-8821034 | Registered Agent: CT Corporation System, 1209 Orange Street, Wilmington, DE 19801

Reference:	This Officer's Certificate (this "Certificate") is delivered pursuant to Section 6.02(a) of that certain Credit Agreement, dated as of March 15, 2021 (as amended, restated, supplemented or otherwise modified from time to time, the "Credit Agreement"), by and among FirstBank Corp, as Borrower, the Lenders party thereto from time to time, and LendCo Private Credit Fund II LP, as Administrative Agent. Capitalized terms used but not defined herein shall have the meanings ascribed to such terms in the Credit Agreement.
Testing Period:	This Certificate covers the fiscal quarter of the Borrower ended December 31, 2024 (the "Testing Period"). The financial information set forth in the Schedules attached hereto has been prepared in accordance with GAAP, consistently applied, subject to the absence of footnotes and to normal year-end audit adjustments, and represents a true, correct and complete presentation of the Borrower's financial condition as of and for the Testing Period.
Financial Covenants:	The undersigned hereby certifies that, as of the last day of the Testing Period, the Borrower is in compliance with each of the Financial Covenants set forth in Section 7.10 of the Credit Agreement. The calculations demonstrating compliance are set forth in Schedule 3 hereto and are based on the Consolidated EBITDA and Total Indebtedness calculations set forth in Schedules 1 and 2 hereto, respectively.
No Default:	The undersigned hereby certifies that, as of the date of this Certificate and as of the last day of the Testing Period, no Default or Event of Default has occurred and is continuing or would result from the delivery of this Certificate.
Financial Statements:	Attached hereto as Exhibit A are the unaudited consolidated financial statements of the Borrower and its Subsidiaries for the Testing Period, prepared in conformity with GAAP (subject to the absence of footnotes and normal year-end adjustments), including a consolidated balance sheet, consolidated income statement, and consolidated statement of cash flows.
Representations:	The representations and warranties of the Borrower and each other Loan Party contained in Article IV of the Credit Agreement and in each other Loan Document are true and correct in all material respects on and as of the date hereof (except to the extent that any such representation and warranty expressly relates to an earlier date, in which case it is true and correct as of such earlier date), in each case except where the failure to be true and correct would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect.

Equity Cure:	The Borrower hereby confirms that no Equity Cure Contribution has been made or is being made in connection with the testing period covered by this Certificate, and the Borrower is in compliance with all Financial Covenants based solely on its own operating performance without recourse to any equity cure right.
Amendments:	The Borrower confirms that there have been no amendments, waivers, or modifications to the Credit Agreement since Amendment No. 3 dated October 7, 2024, other than as previously disclosed to the Administrative Agent in writing.

■ NOTE TO AUDITORS: This Certificate constitutes the primary assertion document for substantive covenant compliance testing. Each add-back in Schedule 1 is cross-referenced to the specific Credit Agreement section that permits it. The system will independently recalculate each ratio using the trial balance data and compare to the figures herein.

1.1 Acknowledgment of Credit Agreement Provisions

The Borrower acknowledges that the Credit Agreement requires the delivery of a Compliance Certificate within 45 days after the end of each fiscal quarter (and within 90 days after the end of each fiscal year) setting forth, in reasonable detail, computations in sufficient detail to show compliance with the financial covenants set forth in Section 7.10. This Certificate is delivered on February 12, 2025, which is 43 days after the end of the fiscal quarter ended December 31, 2024, and is therefore timely delivered.

1.2 Basis of Preparation

The financial information set forth in this Certificate has been prepared by the Borrower's finance department under the supervision of the undersigned Chief Financial Officer. The calculations are based on the Borrower's unaudited consolidated financial statements for the fiscal quarter ended December 31, 2024 (the "Q4-2024 Financials"), which have been prepared in accordance with United States Generally Accepted Accounting Principles ("GAAP"), consistently applied. The Q4-2024 Financials are subject to normal year-end audit adjustments and do not include all disclosures required by GAAP for annual financial statements; however, in the opinion of management, the Q4-2024 Financials reflect all adjustments (consisting of normal recurring adjustments) necessary for a fair presentation of the financial condition and results of operations of the Borrower as of and for the periods presented.

1.3 Material Developments

Since the date of the most recent Compliance Certificate delivered to the Administrative Agent (for the fiscal quarter ended September 30, 2024), the following material developments have occurred that may affect the financial covenants:

Restructuring Program:	The Borrower completed Phase 1 of its operational restructuring program in Q4-2024, incurring \$13,500,000 of restructuring charges related to workforce reduction and facility consolidation. Pursuant to Section 1.01 of the Credit Agreement (definition of 'Consolidated EBITDA'), the Borrower has included an add-back for restructuring charges, subject to the applicable cap of 10% of Consolidated EBITDA for such testing period. See Schedule 1, Note (iii) for details.
New Debt:	No new Indebtedness was incurred during Q4-2024. The outstanding balance of the Revolving Credit Facility increased by \$10,000,000 during Q4-2024 (from \$25,000,000 to \$35,000,000) due to seasonal working capital requirements.
Dispositions:	No material asset dispositions occurred during Q4-2024.
Acquisitions:	No acquisitions were consummated during Q4-2024.

SECTION 2 — DEFINED TERMS

The following definitions are excerpted from Section 1.01 of the Credit Agreement and are used in preparing the calculations set forth in the Schedules to this Certificate. These excerpts are provided for reference; the full definitions in the Credit Agreement govern.

"Consolidated EBITDA"

means, for any period, Consolidated Net Income for such period plus, without duplication and to the extent deducted in computing Consolidated Net Income for such period, the sum of: (a) Consolidated Interest Expense; (b) income tax expense; (c) depreciation expense; (d) amortization expense; (e) non-cash charges and losses including non-cash impairment charges; (f) restructuring charges and severance payments not to exceed 10% of Consolidated EBITDA for such period (the "Restructuring Add-Back Cap"); (g) transaction fees, costs and expenses (not to exceed \$5,000,000 in any trailing twelve month period); (h) management fees paid to the Sponsor not to exceed \$2,000,000 per annum; and (i) pro forma cost savings and synergies reasonably identifiable and factually supportable, to be realized within 18 months (not to exceed 15% of Consolidated EBITDA for such period); minus (j) non-cash income; minus (k) cash income tax refunds received.

"Consolidated Net Income"

means, for any period, the consolidated net income (or loss) of the Borrower and its Subsidiaries for such period, determined on a consolidated basis in accordance with GAAP, excluding (i) extraordinary items, (ii) gains or losses on discontinued operations, (iii) gains or losses on sales of assets outside the ordinary course of business exceeding \$2,500,000, and (iv) non-cash gains attributable to mark-to-market adjustments of financial instruments.

"Total Indebtedness"

means, at any time, the aggregate outstanding principal amount of all Indebtedness of the Borrower and its Subsidiaries on a consolidated basis, including (a) all funded debt, (b) Capitalized Lease Obligations, (c) the face amount of all letters of credit, (d) all Guarantees of third-party Indebtedness, and (e) all obligations under any synthetic lease, tax retention operating lease, or off-balance sheet financing, in each case determined on a consolidated basis in accordance with GAAP; provided that Excluded Indebtedness shall not constitute Indebtedness for purposes of this definition.

"Excluded Indebtedness"

means (a) intercompany Indebtedness among the Borrower and its wholly-owned Subsidiaries, (b) deferred compensation obligations, (c) earn-out obligations not yet required to be reflected on the balance sheet in accordance with GAAP, (d) obligations under operating leases (as distinguished from Capitalized Lease Obligations), and (e) Indebtedness that is expressly subordinated to the Obligations pursuant to a written Subordination Agreement in form and substance reasonably acceptable to the Administrative Agent and to which the Administrative Agent has provided its prior written consent to treat as Excluded Indebtedness. **NOTE: The Junior Subordinated Notes of \$40,000,000 do NOT constitute Excluded Indebtedness absent a written Subordination Agreement approved by the Administrative Agent. No such agreement is on file.**

"Net Debt"

means Total Indebtedness minus Unrestricted Cash, provided that Unrestricted Cash shall not exceed the lesser of (i) the actual amount of unrestricted cash and cash equivalents of the Borrower and its Subsidiaries and (ii) \$25,000,000 (the "Cash Cap"). For the avoidance of doubt, Restricted Cash shall not be included in the calculation of Unrestricted Cash.

"Net Leverage Ratio"

means the ratio, as of the last day of any fiscal quarter, of (a) Net Debt to (b) Consolidated EBITDA for the four fiscal quarters most recently ended (i.e., on a Last Twelve Months basis).

"Interest Coverage Ratio"

means the ratio, as of the last day of any fiscal quarter, of (a) Consolidated EBITDA for the four fiscal quarters most recently ended to (b) Consolidated Cash Interest Expense for such period.

"Fixed Charge Coverage Ratio"

means the ratio, as of the last day of any fiscal quarter, of (a) Consolidated EBITDA minus Unfinanced Capital Expenditures for the four fiscal quarters most recently ended to (b) Fixed Charges for such period. "Fixed Charges" means the sum of Consolidated Cash Interest Expense plus scheduled principal payments on Indebtedness plus cash dividends or distributions paid to equity holders of the Borrower plus cash income taxes paid.

"Minimum Consolidated EBITDA"

means that Consolidated EBITDA, calculated on a Last Twelve Months basis, shall not be less than \$95,000,000 for any testing period.

"Consolidated Cash Interest Expense"

means Consolidated Interest Expense for such period, reduced by the amount of any PIK Interest and any non-cash interest expense, and increased by any cash payments made in respect of original issue discount.

AUDITOR NOTE: The definition of 'Excluded Indebtedness' is critical. The Junior Subordinated Notes (\$40,000,000) are claimed as Excluded Indebtedness on the basis of subordination, but no written Subordination Agreement has been provided to the Administrative Agent per Section 1.01(e). This creates an exception. See Schedule 2, Note (ii).

SCHEDULE 1 — CONSOLIDATED EBITDA CALCULATION

The following table sets forth the calculation of Consolidated EBITDA for the fiscal quarter ended December 31, 2024 ("Q4-2024") and, where indicated, on a Last Twelve Months ("LTM") basis. All figures are in United States Dollars.

1B. Notes to Schedule 1

- (a) Net Income:** Consolidated Net Income of \$49,600,000 is taken from the Borrower's unaudited consolidated income statement for Q4-2024. Net Income excludes (i) a gain on sale of non-core equipment of \$1,200,000 (excluded per Credit Agreement Section 1.01(a)(iii) as outside ordinary course above the \$2,500,000 threshold — actual gain below threshold, included in GAAP net income, no exclusion required), and (ii) a non-cash mark-to-market loss of \$750,000 on interest rate swaps (included in GAAP net income, reversed separately at item (k)).
- (b) Interest Expense:** Total interest expense of \$32,800,000 comprises: Term Loan A interest \$21,450,000 (SOFR + 375bps, average SOFR 5.31% for Q4-2024); Revolving Credit Facility interest \$4,820,000; Junior Subordinated Notes interest (PIK) \$4,000,000 (excluded from Cash Interest Expense per \$1.01 but included in total Interest Expense for EBITDA add-back); letter of credit fees \$230,000; amortization of deferred financing costs \$2,300,000.

(c) Tax Expense:	Income tax expense of \$8,400,000 represents current and deferred federal and state income tax provision. Cash taxes paid during Q4-2024 were \$6,200,000 (used in FCCR calculation in Schedule 3).
(d) Depreciation:	Depreciation of PP&E; of \$27,200,000 includes depreciation on owned property (\$18,400,000), right-of-use assets under operating leases (\$5,800,000), and depreciation on equipment and vehicles (\$3,000,000). All amounts per the Borrower's fixed asset register reconciled to GL 3003.
(e) Amortization:	Amortization of intangibles of \$4,800,000 relates to customer relationships (\$2,100,000), trade names (\$1,400,000), technology (\$800,000), and non-compete agreements (\$500,000) acquired in prior acquisitions.
(f) Restructuring:	Gross restructuring charges of \$13,500,000 comprise: severance and termination benefits \$8,200,000 (Phase 1 workforce reduction — 327 positions eliminated); facility lease termination costs \$3,100,000 (4 facilities closed); accelerated depreciation on abandoned assets \$1,200,000; professional fees — restructuring advisors \$1,000,000.
(g) Restructuring Cap:	BORROWER NOTE: Per Section 1.01(f) of the Credit Agreement, the restructuring add-back is capped at 10% of Consolidated EBITDA. The Borrower has applied a gross cap computation: gross restructuring of \$13,500,000 minus \$8,225,000 adjustment = net add-back of \$5,275,000, resulting in Consolidated EBITDA of \$131,025,000, such that $10\% \times \$131,025,000 = \$13,102,500$ which is less than gross restructuring of \$13,500,000, confirming the cap applies. The Borrower applied an iterative calculation to arrive at the capped figure. NOTE: The correct symbolic solution yields EBITDA = base / 0.90 = \$136,444,444. The Borrower's iterative approach understates EBITDA by \$5,419,444. See auditor exception ERR-001.
(h) Transaction Costs:	Transaction costs of \$1,200,000 relate to legal and advisory fees in connection with the Amendment No. 3 consummated in October 2024. Per Section 1.01(g), transaction costs are capped at \$5,000,000 per trailing 12-month period. LTM transaction costs total \$3,800,000 (within the cap).
(i) Management Fees:	Management fees of \$500,000 paid to FirstBank Capital Partners LLC (the controlling sponsor) during Q4-2024. Annual run-rate of \$2,000,000 within the \$2,000,000 per annum cap per Section 1.01(h).
(j) Non-Cash SBC:	Non-cash stock-based compensation of \$1,250,000 represents the fair value of restricted stock units vesting during Q4-2024. Included as a non-cash add-back per Section 1.01(e) of the Credit Agreement.
(k) Non-Cash Income:	Non-cash mark-to-market gain of \$750,000 on the Borrower's interest rate swap portfolio is deducted pursuant to Section 1.01(j) (non-cash income exclusion). This gain is included in GAAP Net Income.

SCHEDULE 2 — TOTAL INDEBTEDNESS & NET DEBT

The following table sets forth the calculation of Total Indebtedness and Net Debt as of December 31, 2024, for use in the Net Leverage Ratio calculation in Schedule 3.

Total Indebtedness (Correct)	\$206,000,000	Incl. Jr Sub	
Less: Applied Cash Offset	(\$18,500,000)	Same as above	
NET DEBT (Correct)	\$187,500,000	—	

2C. Notes to Schedule 2

(i) Senior Debt:	The Senior Term Loan A original principal of \$150,000,000 has been partially repaid. Outstanding principal as of December 31, 2024 is \$125,000,000, consistent with the amortization schedule of 1% per annum (\$375,000 per quarter) plus excess cash flow sweeps. The Revolving Credit Facility has a total commitment of \$50,000,000; \$35,000,000 is drawn as of the Testing Date.
(ii) Junior Subordinated Notes:	DISPUTED ITEM: The Borrower has excluded \$40,000,000 of 12.0% Junior Subordinated Notes from Total Indebtedness on the basis that they constitute 'Excluded Indebtedness' per Section 1.01(e) of the Credit Agreement (subordinated Indebtedness with a written Subordination Agreement in form and substance acceptable to the Administrative Agent). The Borrower asserts that the Intercreditor Agreement dated June 1, 2023 constitutes a Subordination Agreement for this purpose. However, the Administrative Agent has NOT provided written consent to treat the Junior Subordinated Notes as Excluded Indebtedness per the express requirement of Section 1.01(e)(v). Accordingly, the Junior Subordinated Notes are included in the 'correct' Total Indebtedness figure of \$206,000,000 above. This creates auditor exception ERR-002.
(iii) Cash Position:	Unrestricted cash of \$18,500,000 is net of restricted cash of \$2,100,000 (cash pledged as collateral for letters of credit and subject to a blocked account control agreement). The Cash Cap of \$25,000,000 per Section 1.01 is not binding because actual unrestricted cash (\$18,500,000) is below the cap; accordingly, the full \$18,500,000 is applied as an offset.
(iv) Capitalized Leases:	Capitalized lease obligations of \$4,200,000 relate to equipment financing arrangements that meet the criteria for capital lease classification under ASC 842. Operating lease obligations of \$12,500,000 are correctly excluded as they do not constitute Indebtedness per the Credit Agreement definition.

SCHEDULE 3 — COVENANT RATIO CALCULATIONS

The following sets forth each Financial Covenant required by Section 7.10 of the Credit Agreement, the Borrower's calculation thereof, and the applicable threshold for the fiscal quarter ended December 31, 2024.

3A. Net Leverage Ratio (§7.10(a))

Formula: Net Leverage Ratio = Net Debt / Consolidated EBITDA (LTM)

Threshold: Must not exceed 5.00x as of any fiscal quarter-end

Component	Value	Reference
Net Debt (Borrower-computed)	\$147,500,000	Schedule 2B
Consolidated EBITDA (LTM)	\$131,025,000	Schedule 1 / Sch. 4
NET LEVERAGE RATIO (Borrower)	4.228x	= 147.5M / 131.025M
Threshold	≤ 5.00x	§7.10(a)
Compliance	COMPLIANT ✓	4.228x < 5.00x
-----	----	-----
Net Debt (Correct — incl. Jr Sub)	\$187,500,000	Schedule 2B
Consolidated EBITDA (Correct LTM)	\$136,444,444	Circular cap solved
NET LEVERAGE RATIO (Correct)	1.374x	= 187.5M / 136.44M
Variance from Borrower	2.854x	EXCEPTION RAISED

3B. Interest Coverage Ratio (§7.10(b))

Formula: ICR = Consolidated EBITDA (LTM) / Consolidated Cash Interest Expense (LTM)

Threshold: Must not be less than 2.50x as of any fiscal quarter-end

Component	Value	Reference
Consolidated EBITDA (LTM, Borrower)	\$131,025,000	Schedule 1
Cash Interest Expense (excl. PIK)	\$28,800,000	§1.01 def.
INTEREST COVERAGE RATIO (Borrower)	4.550x	= 131.025M / 28.8M
Threshold	≥ 2.50x	§7.10(b)
Compliance	COMPLIANT ✓	4.550x > 2.50x

3C. Fixed Charge Coverage Ratio (§7.10(c))

Formula: FCCR = (EBITDA – Unfinanced Capex) / (Cash Interest + Sched. Principal + Cash Taxes)

Threshold: Must not be less than 1.20x as of any fiscal quarter-end

Component	Value	Reference
Consolidated EBITDA (LTM)	\$131,025,000	Schedule 1
Less: Unfinanced Capital Expenditures	(\$19,400,000)	GL 5001
Adjusted EBITDA (numerator)	\$111,625,000	
Cash Interest Expense (LTM)	\$28,800,000	\$1.01
Scheduled Principal Payments (LTM)	\$1,500,000	Amort. schedule
Cash Taxes Paid (LTM)	\$24,800,000	Tax payments
Cash Dividends / Distributions	\$0	None paid
Total Fixed Charges (denominator)	\$55,100,000	
FIXED CHARGE COVERAGE RATIO	2.026x	= 111.625M / 55.1M
Threshold	≥ 1.20x	\$7.10(c)
Compliance	COMPLIANT ✓	2.026x > 1.20x

3D. Minimum Consolidated EBITDA (\$7.10(d))

Formula: Consolidated EBITDA (LTM) must not be less than \$95,000,000

Threshold: Must not be less than \$95,000,000 for any testing period

Component	Value	Reference
Consolidated EBITDA (LTM, Borrower)	\$131,025,000	Schedule 1
Minimum EBITDA Threshold	\$95,000,000	\$7.10(d)
Headroom	\$36,025,000	38% above threshold
Compliance	COMPLIANT ✓	131.025M > 95.0M

SUMMARY: All four Financial Covenants are reported as COMPLIANT by the Borrower. However, the independent recalculation using the correct circular cap resolution (Schedule 1 Note (g)) and including the Junior Subordinated Notes in Total Indebtedness (Schedule 2 Note (ii)) yields a Net Leverage Ratio of 1.374x — a variance of 2.854x from the Borrower-reported 4.228x. Both values are below the 5.00x threshold, so there is no breach; however, the magnitude of the variance constitutes a significant exception requiring documentation and senior reviewer sign-off.

SCHEDULE 4 — LTM QUARTERLY EBITDA RECONSTRUCTION

Consolidated EBITDA is tested on a Last Twelve Months (LTM) basis per Section 7.10 of the Credit Agreement. The following table presents the quarterly build-up for the four quarters ended December 31, 2024.

— Non-Cash Income	(\$200,000)	(\$300,000)	(\$400,000)	(\$750,000)	(\$1,650,000)
CONSOLIDATED EBITDA (Total)	\$28,800,000	\$30,500,000	\$34,300,000	\$131,025,000	\$224,625,000
Borrower-Reported LTM EBITDA (annualized Q4 × 4)					\$131,025,000
Note: Borrower uses single-period Q4 as LTM proxy					See Note below

NOTE: The Borrower has used Q4-2024 as a single-period proxy for LTM EBITDA (\$131,025,000) rather than the true LTM sum of four quarters (\$224,625,000). This is a methodological inconsistency. The Credit Agreement requires a four-quarter LTM calculation. However, the covenant test is for a single fiscal quarter (Q4-2024), not an annual period, so the Q4-2024 figure is used consistently for the numerator and denominator. The auditor should confirm the testing period basis with the credit agreement language.

SCHEDULE 8 — SUPPORTING NOTES & DISCLOSURES

8A. Non-GAAP Reconciliation

The following reconciles GAAP Net Income to Consolidated EBITDA as defined in the Credit Agreement. Non-GAAP measures are not substitutes for GAAP measures and may not be comparable to similarly titled measures of other companies.

Item	Amount
GAAP Net Income	\$49,600,000
Add: Interest expense	\$32,800,000
Add: Income tax expense	\$8,400,000
Add: Depreciation	\$27,200,000
Add: Amortization	\$4,800,000
GAAP EBITDA (unadjusted)	\$122,800,000
Add: Restructuring charges (capped)	\$5,275,000
Add: Transaction costs	\$1,200,000
Add: Management fees	\$500,000
Add: Non-cash stock compensation	\$1,250,000
Less: Non-cash income	(\$750,000)
CONSOLIDATED EBITDA (Credit Agreement)	\$131,025,000

8B. Accounting Policies — Key Judgments Affecting Covenants

Revenue Recognition: Revenue is recognized over time as performance obligations are satisfied per ASC 606. No material changes to revenue recognition policies during Q4-2024.

Lease Classification: The Borrower applies ASC 842. Finance leases are classified as Capitalized Lease Obligations (included in Total Indebtedness). Operating leases are excluded from Total Indebtedness per Credit Agreement definition. Borderline lease classifications were reviewed by external counsel.

Restructuring: Restructuring charges are recognized when (i) an exit plan has been approved by management, (ii) the plan identifies the number and location of employees to be terminated, (iii) employees have been notified, and (iv) it is unlikely the plan will be significantly modified. The \$13,500,000 Q4-2024 charge meets all four criteria.

Goodwill & Intangibles: Goodwill is tested annually for impairment. No impairment was recorded in Q4-2024. Intangible asset amortization uses straight-line method over estimated useful lives.

Fair Value: Interest rate swaps are marked to fair value each quarter. The \$750,000 non-cash gain in Q4-2024 relates to the mark-to-market of the Borrower's \$100,000,000 notional interest rate swap (SOFR fixed at 3.25%, expiring March 2026).

8C. Auditor Exception Register

ID	Type	Description	Reference	Status
ERR-001	Circular Cap Misapplication	Restructuring add-back cap of 10% applied iteratively rather than symbolically. Borrower EBITDA: \$131,025,000. Correct EBITDA: \$136,444,444. Impact: +\$5,419,444.	Schedule 1 Note (g)	EXCEPTION
ERR-002	Unsupported Debt Exclusion	Junior Subordinated Notes (\$40,000,000) excluded from Total Indebtedness. No written Subordination Agreement approved by Administrative Agent on file. Correct Net Debt: \$187,500,000 vs. Borrower-reported \$147,500,000.	Schedule 2 Note (ii)	EXCEPTION

Both exceptions are documented above. Despite the exceptions, the Borrower is COMPLIANT with all Financial Covenants under both the Borrower-reported and independently-corrected calculations. The variance (2.854x in Net Leverage) should be disclosed to the Administrative Agent and noted in the audit working papers with senior reviewer sign-off.
